ISRAEL'S TRIBES TODAY

by **Steven M. Collins**

Most efforts to locate the “lost” House of Israel have failed because of erroneous assumptions. Searchers assume that the supposedly ”lost” ten tribes of Israel would be found in isolated little bands of people. However, the first chapter of Hosea and other Biblical prophecies foretold that the nations of the ten tribes would be found among the wealthy and powerful nations with large populations!

This book identifies the modern House of Israel as those nations descending from the Goths, Saxons, Germans and related peoples who migrated into Europe from Asia after the fall of Parthia and Scythia. They have enjoyed national prominence, power and prosperity as the primary recipients of the divine “birthright” blessings of the Abrahamic Covenant. Many other nations also have Israelite roots, in whole or in part. Not only did they retain Semitic-Israelite names and customs, but many of the tribal and clan names of the ten tribes of Israel are found among them. This book presents new research and illustrations to provide convincing evidence about the Israelite origin of large modern nations.

The final portion of this book utilizes Biblical prophecies about the tribes of Israel, as well as evidence from secular history, to identify the descendants of each tribe in the modern world. This is a book you will really enjoy!
